Frank Clements  
Park Manager/Horticulturist  
USDI National Zoological Park  
Smithsonian Institute  
Washington, DC 20008

Dear Mr. Clements:

On June 10, 2008, I conducted an aerial detection survey for gypsy moth-caused tree defoliation at the National Zoological Park. I am pleased to report that no defoliation was detected at, or in the vicinity of, your site.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2009, please contact Brad Onken (304) 285-1546 or me (304) 285-1555 before August 22, 2008.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

RODNEY L. WHITEMAN  
Forester
